GOTHAM SPOUT RECALLS SPIRIT OF EMERGING METROPOLIS IN 1930s & '40s

MB1928: the ROHL Michael Berman Bath Collection

Gotham, the enduring nickname for New York City, lives as a state of mind for celebrated American home furnishings designer Michael Berman. The metropolis – bustling in its 1930s-1940s heyday with the emerging skyline serving as an icon of the industrial era – inspired Berman's statuesque faucet, the Gotham Spout. This design is a highlight of the Michael Berman Bath Collection offered exclusively by ROHL.

The Gotham Spout is reminiscent of a bygone era's passion for industrial progress, luxury travel and streamlined grace. The stately faucet is distinguished by its height, distinctive handles and gracefully curving column spout. The shape of the faucet suggests such symbols of the industrial progress as smoke stacks on a luxury ocean liner or the architecture of towering skyscrapers.

Michael Berman's Gotham Spout is a perfect blend of modern and traditional design elements. The faucet has a classic form that is free of excessive ornamentation. At the same time, its streamlined style does not come at the expense of being stark or rigid.

The Gotham Spout is available in an array of options for the bath, including deck-mount and wall-mount lavatory faucets and tub fillers. Complementary thermostatic and pressure

(more)

balance shower systems and oversized showerheads, body sprays and handshowers complete the package with coordinated towel bars, towel rings, toilet paper holders and robe hooks for this designer bath collection. A choice of two handle styles – metal levers or cross handles – is available on all models.

Five authentic finishes offer flexibility: Polished Chrome, Polished Nickel, Satin Nickel, Inca Brass and Tuscan Brass. Each finish is warm, natural and inviting to the touch. Faucet valves include 1/4-turn ceramic disc cartridges that control water flow while providing for ease of use and long-term performance.

ROHL is a leader in providing distinctive products for the kitchen and bath – creating the experience of authentic luxury for America's finest homes, resorts and hotels. The firm offers readily available inventory, technical training and a commitment to consistent customer service. Headquartered in Southern California, ROHL also has regional corporate offices in San Francisco and the New York Metro area. Products are available through independent, authorized kitchen and bath showrooms.
