ITALIAN-MADE POT FILLER ADDS CONVENIENCE TO AMERICAN KITCHENS

New A1451 Pot Filler, ROHL Country Kitchen Collection

From the rolling hills and vineyards of northern Italy comes the authentic charm of ROHL's new A1451 Pot Filler, simplifying cooking with an exceptional 25" long faucet that conveniently reaches over front and rear burners. Pot Fillers make cooking easy by delivering water to the cooking area instead of carrying heavy pots and pans from one end of the kitchen to another.

Any cook will take a look at this luxurious solid brass faucet and understand why it is great for filling pots when cooking pasta, vegetables, or even a relaxing pot of tea. Equipped with dual shut-off valves, one at the wall and one at the outlet, ROHL's newest Pot Filler eliminates the need to stretch your arms over a hot stove making the A1451 not only safer but stylish. The A1451 has two pivot points allowing the Pot Filler to be compactly folded against the wall. Quarter-turn ceramic disc cartridges and savvy artisanship make it a superb addition to any contemporary or traditional kitchen.

Available in five exquisite finishes, Polished Chrome, Polished Nickel, Satin Nickel, Tuscan Brass and Inca Brass, the Pot Filler coordinates with the entire ROHL Country Kitchen suite of products. Users have the option of two handle styles, the handsome five-spoke cross
