DEFINE ROHL'S COUNTRY BATH COLLECTION**

ROHL Brings to Market Traditional 6-Jet, 8-Jet Showerheads

Imagine stepping into the shower and feeling the ultimate in relaxation and European luxury with ROHL's new 6-Jet adjustable showerhead (model WI0122) and 8-Jet adjustable showerhead (model WI0123). Inspired by the rolling hills and unprecedented beauty of the Italian countryside, ROHL's Country Bath Collection showerheads offer traditional elegance and unwavering artisanship.

Both showerheads are constructed of solid brass, a generous 2.5 GPM flow and include 1/2" F swivel connections. The 6-Jet and 8-Jet heads feature matching lever handles and improved soft outlets made of elastomer that help prevent calcium build-up. The 6-Jet is ideal for Pressure Balance Systems in guest bathrooms, while the 8-Jet is excellent for the master bath. These classic country style showerheads complement the entire suite of coordinated ROHL Country Bath fixtures, shower systems and accessories. All of ROHL's faucetry and accessories, including the ROHL Country Collection, are available in Polished Chrome, Polished Nickel, Satin Nickel, Tuscan Brass and Inca Brass.

Luxury for an entire home, hotel or spa, the ROHL Country Bath Collection features comfortable dimensions, quality finishes and expert engineering with more than a dozen elegant faucet designs, four handle styles and five decorative finishes to meet the needs of any decorative environment. The coordinating shower set includes hi-flow Thermostatic and Pressure Balance valves, volume controls, diverters, showerheads, hand showers, body sprays and shower bars.
