SHAWS ORIGINALS: CERTIFIED AUTHENTIC

New ROHL RW2231 Wash Stand and RW2420B, RP2420 Washbasins

In 1897, England saw its first automobile showroom, motorcycle race and electric taxi, all the while artisans were hard at work in Darwen, England creating some of the first Shaws Original Kitchen and Bath sinks.

Today, that heritage continues with the introduction of a handsome washbasin and finished brass wash stand, the centerpiece of the 2005 Shaws Original collection available in the United States exclusively through ROHL. As with every Shaws fixture, the washbasin carries the distinctive Shaws Original badge certifying its authenticity.

Crafted of beautifully finished exposed brass, this impressive display of traditional English style is a classic convergence of form and function. The 4-leg RW2231 supports a generous sink with a decorative bar at the front, convenient for holding hand towels. Without the sink, the wash stand is 31" tall by 20-1/8" deep by 21-3/8" wide. It is equipped with a generous 12 mm thick glass shelf measuring 17-7/8" wide by 11-7/8" deep, perfect for storing bathroom essentials. The wash stand is offered in four finishes: Polished Chrome, Polished Nickel, Satin Nickel and Inca Brass, to coordinate with the complete ROHL collection.

(more)

Designers and homeowners have the option of two elegant washbasins that coordinate with the wash stand. The RW2420B offers an integrated back splash; the RP2420 model has a flush back. Both basins are made of vitreous china with a beautifully luminescent finish and have 18-1/8" by 13" (inside dimensions) with self rimming bowls. Outside dimensions of the RW2420B are 24-1/32" wide by 20-9/32" deep. Angled front corners deliver style and function with no sharp edges. Available in white, either of these fixtures can also be used with a free standing pedestal from ROHL (model RP2711). The basins can easily accommodate 8" widespread faucets and provide a luxurious complement to the Perrin & Rowe, Country Bath, Cisal and Michael Berman collections.

ROHL is a leader in providing distinctive products for the kitchen and bath—creating the experience of authentic luxury for America's finest homes, resorts and hotels. It offers readily available inventory, technical training and a commitment to consistent customer service. Headquartered in Orange County, California, ROHL also has regional offices in San Francisco, the New York Metro area and Milan, Italy. Products are available through independent, authorized kitchen and bath showrooms.
